

5442

Attribute	Value
UPC-12	686720544200
Short Name	Basement Kit (2-10" N/O Dampers, 2-10" N/C Dampers & 1 Transformer)
Packaging Hierarchy Level	Each
Manufacturer	Research Products Corporation
Brand	AprilAire
Status	Active
Product Category	Humidification>Dehumidifiers>Parts and Accessories
Service Part Type	Damper
Sales Region	USA and Canada
Master Title - Short	AprilAire 5442 Convertible Basement Installation Kit for Dehumidifiers - 10" Dampers
Master Title - Long	AprilAire 5442 Whole House/Localized Convertible Basement Installation Kit for Dehumidifiers with Transformer and Four 10" Dampers
Master Bullets - Trade	Kit includes a set of opposing dampers that allow a dehumidifier to alternate its own air flow between two separated areas or zones Features two normally-open (NO) dampers, two normally-closed (NC) dampers and a 40VA 24VAC transformer The two normally closed dampers connect to the primary zone and the two normally open dampers connect to the secondary zone Wire the transformer to each of the four dampers in series and configure the dehumidifier to enable zoning
Master Long Description - Trade	The AprilAire 5442 Basement Kit is used to facilitate installation of compatible Dehumidifiers in the "Whole House/Localized Convertible Installation" application. With the Dehumidifiers installed in this configuration, the dehumidifier will automatically switch between whole-house dehumidification when the HVAC equipment is on, and localized dehumidification when the HVAC equipment is off. Typically, this installation configuration is used to dehumidify a whole house and a separate conditioned living space like a finished basement.
