

HEAT PUMP RISER, 3IN.

Item#: **HPR-3**

HPR-3 is a one piece 3 in. gray heat pump riser that provides 3 in. of elevation under heat pumps, condensers, and air handlers. Heat pump risers are most commonly used to lift heat pumps above the snow line. This helps prevent damage to the coils caused by ice build up from drainage of condensate when operating in heat pump mode. Heat pump risers are available in 1 or 2 piece designs, multiple sizes and colors.

Product Features & Benefits

- Provides the desired elevation for condensers, heat pumps, and air handlers
- Cost effective single piece design
- Single piece heat pump risers are available in 3 in., 6 in., and 12 in. heights
- Available in gray and black

- Butyl mastic on the top and bottom guarantees no slipping and reduced vibration and noise
- Nestable design allows maximum shipping and storage density
- Sturdy design, four risers can handle up to 2,000 lb. uniform load
- Environmentally friendly, molded from recycled polypropylene material
- Unaffected by UV exposure or extreme weather

Specifications ▲

Color	Gray
Application	Heat Pump Air Handler Support
Load Capacity	500 lbs.
Size	3 in.
Mounting Method	Butyl Mastic
Ducted or Ductless	Ducted

Order Info ▲

UPC	0095247412969
Primary UoM	Each
Primary Depth (inches)	6.5
Primary Width (inches)	6.5
Primary Height (inches)	3.5
Primary Weight (lbs)	0.329
Quick Ship Flag	No
Order Multiple	48
