

HVAC FLUSHING KIT

Item#: **PF-KIT**

The DiversiTech® PF-KIT Pro-Flush™ Flush Solvent Kit W/Hose makes servicing quick, easy, and safe, Kit includes: 8 oz. container of Pro-Flush™ solvent, refillable injector tool pressure tank, pressure relief valve for added safety, large rubber adapter that flushes up to 1-1/4" line sets, and service hose. Pro-Flush™ 8 oz. and 16 oz. refills are also sold separately.

Product Features & Benefits

- The specially designed formula is residue free and meets EPA's Significant New Alternatives Program (SNAP) standards.
- Engineered with a nonflammable solvent that heats no higher than 106°F (46°C) and compatible with all refrigerants and compressor oils.
- Formulated for R-410A retrofits, refrigerant conversions and compressor burnouts.

- The boiling point is low enough that after cleaning the refrigerant line, most material boils off at atmospheric pressure, leaving no residue.
- Suitable for use in ambient temperatures below 60F.
- Injector includes a pressure relief valve that opens at 200psi, preventing dangerous over pressurization of the injector.
- The kit makes servicing quick, easy, and safe, as well as assuring you get to the job site with all necessary hardware in hand for 1-stop servicing.

Specifications

▲

Includes	Flushing Solvent (8 oz. Refill)
