

QUICK-SLING®

12IN THIN MINI-SPLIT STAND, STEEL

Item#: QSMS1200

The Quick-Sling® QSMS1200 is a 12 in. high, thin width mini-split stand that provides a safe, stable platform for mounting ductless condensers. It keeps the unit elevated above lawn mowers, weed trimmers, pets, snow and flooding. These stands come in three convenient depths (thin, wide and extra wide). Refer to our online Quick-Sling product compatibility app to select the stand that matches your equipment.

Product Features & Benefits

- Made from strong 14-gauge square tubing capable of supporting up to 400 lbs.

- Powder coated finish for outdoor use
- Comes partially assembled to save time and labor
- QSMS stands are available in three heights: 12in., 18 in., 24 in.
- Available in thin, wide, and extra wide versions of each height to provide a perfect equipment fit
- Each 6 in. x 6 in. foot is made from 11 gauge steel and is adjustable up to 1.25 in. in height
- 50 Durometer rubber pads are pre-installed on each foot to reduce vibration and noise
- All necessary hardware, including anti-vibration isolation washers, is provided
- Each stand comes with "hat channel" mounting arms which add strength and dissipate sound and vibration
