Attribute	Value
Brand	Honeywell Home
Product Taxonomy Node	RMH Root.Dampers.Electronic & Mechanical Dampers
Warranty	1 Year
Pro Product Short Description	<p><p>Zoning Made Effortless</p> <p>Made of galvanized steel, the single blade Automatic Round HVAC Damper features a power-close, spring-open construction to ensure minimal leakage while controlling circulating air in zoned heating, cooling and ventilation systems.</p></p>
Pro Product Detail Page Title	ARDTZ TrueZONE® Automatic Round Damper
Pro Product Breadcrumb Name	Automatic Round Damper
Pro Product Web Overview	<p><p>Creating multiple temperature zones in the home can help your customers save money and energy. Zoning makes heating or cooling a home more efficient by delivering airflow to zones where it's wanted and blocking airflow to the areas it's not. The 12-inch Round Automatic Damper regulates airflow for proper zoned heating and cooling.</p> Round damper with 24-volt, spring-return damper actuator Galvanized steel single-blade damper, which closes off tightly against gasket for minimal leakage Heavier blade construction for longer life Quieter operation with fewer blades Simple, easy-to-wire, two-wire installation Fail-safe, normally open operation Adjustable Range Stops are simple to use and easier to understand Mechanical Position Indicator for the damper blade Push-In Terminals Can be field-converted when used as an independent zone or for fresh air intake Rated to operate up to 1-inch wc </p>
LOB	Comfort
Compatible With	Heating, cooling, and ventilation systems
Position Indicator Included	Yes
Position Indicator Type	Damper Position Range Stops LED indication light for open and close
Activation	Electric
Leakage	Less than 1% at 0.5 in WC

Attribute	Value
Range Stop	Yes
Range Stop Options	4
Actuator Power Consumption	8 VA
Damper Type	Zone
Actuator Housing Material	Molded Plastic
Blade Material	Galvanized Steel
Damper Material	Galvanized Steel
Actuator Torque	71 in-oz
Works With Resideo App	No
Compatible Third Party App	No
