| Pro Product Short Description | <p><p>New and Improved</p> <p>Maintain Proper Humidity Levels</p> <p>The Whole Home Dehumidifier System evenly removes moisture from a home to create the desired indoor humidity levels.</p></p> |
| Pro Product Detail Page Title | Whole Home Dehumidifier System |
| Pro Product Breadcrumb Name | Whole Home Dehumidifier System |
| Pro Product Web Overview | <p><p>Install the Whole Home Dehumidification System to remove moisture daily and provide greater comfort and energy savings for your clients. The dehumidifier delivers fresh, filtered air while staying unobtrusive, quiet and efficient. Plus, maintenance is minimal because the dehumidifier automatically drains itself and the air filter only needs to be changed once a year.</p> <p>The dehumidification system uses refrigeration and internal air circulation to cool the incoming air stream below its dew point. Water condenses and drains off the coil, sending drier air back into the house.</p> Removes up to 65, 90, or 120 pints of moisture per day, depending on the model Delivers fresh, filtered air in the home Increases comfort and energy savings Quiet, unobtrusive operation DR90 and DR120 models are ENERGY STAR® certified </p> |
