Warranty	5 Years
Pro Product Short Description	<p><p>Efficiency for Them, Upsell for You</p> <p>HZ221 Wireless Zoning Systems let your customers choose their comfort levels on a room-to-room basis. Installed duct dampers direct heated or cooled air exactly where homeowners want it, allowing them to prioritize rooms with a Redlink™-paired smart thermostat.</p></p>
Pro Product Detail Page Title	TrueZONE® HZ221 Panel
Pro Product Breadcrumb Name	TrueZONE® HZ221 Panel
Pro Product Web Overview	<p><p>Give your customers the gift of efficiency and accuracy when it comes to their comfort. A Temperature Zoning System means they won't be heating empty rooms or over-cooling one area in order to cool another. Zoning is a comfortable, energy-efficient way to ensure your customers get the temperatures they want where they want them.</p> <p>Installed in your customer's ductwork, dampers open and close as needed, based on each zone's thermostat settings. Paired with a T10 Pro Smart Thermostat and its Redlink™ sensors, homeowners can truly prioritize rooms, choosing different temperatures for the basement than the bedroom. When a zone doesn't need to be heated or cooled, the dampers close to save your customers energy and maximize comfort elsewhere — greater energy efficiency for them, more upsell opportunity for you.</p> Robust push terminals Common-sense LEDs Clean, professional installation Smaller footprint Variable-speed fan control </p>
LOB	Comfort
Compatible With	RedLINK® Technology Single Stage Heat Pumps
Display Type	Not Applicable
LED Functions	Heat Cool Fan Purge Zone 1 Zone 2 Emergency Heat
Works With Resideo App	No
Compatible Third Party App	No
